## Bid Request Concrete Projects

Project Site and Description: City Hall/Old Colbert School  
Concrete Ramps – Build to Code/ADA Standards

- City Hall Entrance – to widen or replace current ramp and install drain at front of office building to turn water around the corner of building creating a run-off beside building
- Entrance to Lower Door – new ramp
- Widen at end or side of present sidewalk ramp toward bell. Install a drain from lower door to the next corner to turn water toward the street
- Replace ramp leading to door of old print shop (formerly J&S Printing)
- Patch sidewalk at entrance to Lion's Club

Note: Upon viewing the site, the City is open to recommendations concerning the drainage.
